

Hamilton. A city of progress.

At the City of Hamilton, our vision is “to be the best place in Canada to raise a child, promote innovation, engage citizens and provide diverse economic opportunities”. With our rich history, culturally strong and diverse communities, blend of urban and rural attractions, and ideal location in the heart of the Golden Horseshoe, Hamilton is a vibrant community of neighbours. We are also a leading employer, with many opportunities to grow and excel. We invite you to share in our vision as part of the Transportation, Energy and Facilities Division in the Public Works Department.

Superintendent of Traffic Signals & Electrical Systems

As an integral member of the Traffic team, you will draw on your extensive supervisory experience to lead and manage a large, multidisciplinary staff in a results-oriented, predominately unionized environment. Using a best practices approach, you will achieve departmental goals and objectives, develop and deliver quality services in a timely, cost-effective manner, as well as implement strategies to improve effectiveness and efficiency. Your proven background in traffic signal and street lighting operations, including signal computerized master operation systems, traffic signal systems and street lighting systems, is supported by an Electrical Engineering Technology or equivalent diploma, a CET accreditation, or a Certificate of Qualifications as a Construction and Maintenance Electrician. Additionally, you bring a track record in supervising contracts and delivering customer-focused programs and services. Knowledge of relevant operations, installation and maintenance practices, as well as the development and monitoring of annual operating and capital budgets is essential, as is a demonstrated understanding of materials and inventory management processes and controls. Ideally, you are a Certified Municipal Manager (CMM), or have completed the Ontario Management Development Program.
