

## REGION MUNICIPALITY OF HALTON JOB POSTING

**DEPARTMENT:** PUBLIC WORKS

**LOCATION:** Transportation Services

**POSITION:** TRANSPORTATION PLANNER

**SALARY RANGE:** \$58,403 - \$73,001 (Pay Band 6)

**NOTE:** Applicants will be considered for interviews based on the information provided in their application to the Region of Halton including a current resume and cover letter. We thank all applicants for their interest, however only those under consideration will be contacted.

### PREFERRED BACKGROUND:

Three-year post-secondary diploma in Transportation Planning/Engineering or University Degree in Transportation Planning/Engineering or related field, with a minimum of five (5) years of progressive and relevant experience in transportation planning, Environmental Assessments, statistical analysis, numerical methods, and the land use planning process. Knowledge of modeling (EMME/2), GIS, TTS data, and transportation computer applications would be an asset. An equivalent combination of education and experience will be considered. The individual requires strong technical, analytical, writing and problem solving skills. Ability to communicate effectively and express thoughts clearly and concisely to diverse internal and external groups is required.

### DUTIES:

- **Manages/Coordinates** Environmental Assessments, functional planning and transportation planning studies related to road projects.
- **Manages/Coordinates** Regional Transportation Demand Management initiatives including the Smart Commute Halton program for local employers.
- **Undertakes** transportation planning projects including the preparation of terms of reference, managing consulting assignments, preparing technical and staff reports on the conclusion and recommendation of projects, and administers contract for the planning and pre-engineering components of road projects.
- **Analyzes and interprets** results from EMME/2 transportation model including the collection of necessary input data.
- **Manages** complex data sets including census, assessment, transportation and land use data and determines a data set process for staff utilization.
- **Analyzes** statistical information to assist in the development of land use and transportation policies.
- **Assists** in the development of and implementation of Regional Roads capital programs.
- **Represents** the Region in external committees and working groups on transportation and statistics related matters.
- **Assists** the public in their request for statistical information.
- **Performs** other duties as assigned.

**POSTED:** November 26

**POSTING EXPIRES:** December 10, 2010

**POSTING #:** PW-276-10
