

Manager, Traffic Engineering

City of Vaughan

As one of Southern Ontario's fastest growing cities, with its mix of urban and rural areas, Vaughan is an in-demand place to live and work. A City considered one of Canada's most family-friendly; Vaughan has a dynamic and diverse population of over a quarter million. With one of the top performing economies, a growing tourism industry and an enviable portfolio of recreational and cultural venues, this is the place where you want to be.

The City of Vaughan is seeking a **Manager, Traffic Engineering** responsible for managing the daily operations of the Traffic Engineering Division and ensuring the safe movement of all users on City-owned roads, sidewalks and walkways.

Leveraging your superior project management skills, you will develop multi-year divisional work plans in support of corporate initiatives, establish and maintain project schedules, status updates and technical reports. Responsible for the oversight of a staff of Senior Traffic Technologists and Traffic Supervisor, you will provide leadership and technical expertise with regard to the management and implementation of traffic/transportation technologies, strategies, policies and procedures. Your political acumen allows you to build strong relationships and liaise with Members of Council, Regional Police and adjacent municipalities as well as represent the City of Vaughan at intergovernmental agency transportation/traffic committees. Stellar communication skills support the administration of various traffic engineering programs and facilitate public interest in transportation/traffic activities in the Greater Toronto Area.

Qualifications:

- University degree in Transportation or Civil Engineering
- A Professional Engineer (P.Eng) in good standing with the Professional Engineers of Ontario (PEO) is strongly preferred
- 5+ years experience in traffic management, traffic safety and operations, including demonstrated supervisory or leadership experience

Application Deadline: Thursday, June 23, 2011
