

Consider a Career  
at the Region of Peel

 Region of Peel  
Working for you

**SUPERVISOR, TRAFFIC SIGNALS AND SYSTEMS**  
**Public Works – Traffic and Transportation Engineering**

The Public Works Department's mandate is to plan and provide safe, secure and reliable road, water, wastewater and waste management services which meet the needs and expectations of the residents and businesses of Peel while respecting the environment. The Department also plans and provides accessible transportation services for the Region of Peel.

The Traffic Engineering section of the Transportation Division will manage and provide primary accountability for existing traffic operations and the traffic infrastructure planning function. It will ensure that future upgrading and building of new facilities in the Region of Peel of Regional roads and traffic and transportation systems will meet the growing need of the residents and businesses of the Region of Peel.

With this mandate in mind, the Supervisor will foster and encourage a customer/client service oriented approach within the Traffic Engineering section by ensuring that all functions uphold our Regional standards and values in the most effective and efficient manner.
