Consulting Engineers

## TRANSPORTATION PLANNER/ENGINEER

C.C. Tatham & Associates Ltd. (CCTA) is a multi-disciplinary, employee owned, engineering company with offices in Collingwood, Orillia, Bracebridge and Barrie. Our Transportation department is looking for a transportation planner/engineer with experience in conducting traffic impact studies, transportation needs assessment, corridor reviews, site plan reviews, parking studies, traffic operations, transportation master plans and/or environmental assessments. Experience with road geometry, functional design and road safety, although not essential, would be beneficial. You will be directly involved in the completion of the technical aspects, preparation of corresponding study reports and documentation, client and project management.

### Position Requirements

To be successful at this position, you have:

- a University degree in Civil Engineering (Transportation) or related discipline;
- eligibility for registration in a recognized profession organization (ie. P.Eng, OACETT, etc.);
- a minimum of five years of directly relevant experience;
- experience with traffic analysis software (ie. HCS, Synchro, CCG Calc);
- experience with AutoCad is desired, but not required;
- excellent written, verbal and public consultation skills;
- the ability to manage multiple projects and work independently under minimal supervision;
- a willingness to travel (to serve projects from our branch offices); and
- the desire to succeed and strive to achieve.

### Position Benefits

CCTA offers the following:

- a fun, friendly and progressive work environment;
- merit-based profit-sharing;
- company share ownership opportunities;
- group benefits;
- a company supported pension plan;
- an attractive salary and vacation package commensurate with experience and qualifications; and
- the 4-season lifestyle of Collingwood and Georgian Bay where you can ski, bike, hike, swim and boat all within a short distance from home.

If you are interested in the above, please send your resume, which outlines your skills and qualifications to:

Michael Cullip, P.Eng.  
Director & Manager, Transportation Engineering
