## Engineering Workshop—Oct 16

The OTC invites you to attend the 2008 Traffic Engineering Workshop on October 16th at the Nottawasaga Inn, located in Alliston.

Sessions will be informative and will explore current traffic engineering topics. The information will be geared to all traffic professionals from across Ontario.

The cost of the workshop for members will be \$165 (taxes incl.). Breakfast, lunch and parking are included.

Review the content of the workshop and register today at: <http://www.otc.org/workshops.cfm?eventid=23>

## Parking Workshop—Sept 14-16

The OTC wishes to invite you to attend this year's OTC Parking Workshop and Supplier Showcase which will be taking place from September 14—16 at the Arden Park Hotel in Stratford.

This event will give delegates the opportunity to learn from informative speakers and sessions, network with colleagues in the parking industry and see the latest in equipment and technology.

## Book 7 Training scheduled for Kingston on September 11

The OTC is pleased to announce that it will be offering a full-day training session on Book 7 on September 11th at the Invista Centre, located at 1350 Gardiner Road in Kingston.

This full-day course will cover the content of the Ontario Traffic Manual Book 7 (Temporary Conditions). The course also covers the traffic-control-related elements of the Occupational Health and Safety Act (OHS) and its Construction regulations, as well as an introduc-

tion to human factors and positive guidance as they apply to drivers.

Since 2000, ATC has provided training to MTO, municipalities, contractors, engineers, contract administrators, utilities, supervisors, workers, and inspectors.

OTC is pleased to be working again with ATC in presenting the industry training standard for work zone traffic control.

There are 30 spots available for installers and supervisors in the course. The regis-

## MLEO Training Announced

The OTC is pleased to announce that it will be offering a comprehensive three day training session for Municipal Law Enforcement Officers this fall.

This course which will run for the full day on October 29, 30 and 31st will be held at the offices of the Town of Richmond Hill and will be open to staff from OTC members.

Topics will cover officer safety, legislative authority, courtroom procedure and managing difficult situations.

More information will be available on the OTC website on this exciting course within the next week.

## OTC Career Centre Postings

The Ontario Traffic Conference's online Career Centre is an effective way of reaching job-seeking professionals in Ontario's traffic management sector.

To better promote the Career Centre to the OTC membership, we are pleased to announce that we will post all employment opportunities for the low price of only \$99 until the position is filled!!!

Please forward your job posting in Word or Acrobat PDF format to [marco@otc.org](mailto:marco@otc.org)

tration cost will be \$139 for employees of OTC members and \$179 for employees of non-members.

For more information on the topics covered at the training, please see: <http://www.otc.org/training.cfm>
