Police Traffic Supervisors Course March 8 – 12, 2010

Ontario Police College, Aylmer, ON

This newly designed course is a training partnership between the Ontario Traffic Conference and the Ontario Police College. It is designed to meet the needs of a front line Traffic Supervisor who is actively involved in operational traffic related duties. This course will operate concurrently with the Technical Traffic Operations Course. Joint sessions encourage interaction between policing and engineering personnel and build an understanding of the roles staffs in each field contribute to enhancing safety on Ontario's roads. The residential nature of the courses allows students to get to know each other in a professional and social atmosphere.
